

CALL FOR APPLICATIONS: VANS MENTORSHIP PROGRAM 2018 - 2019

APPLICATION DEADLINE: 9:30am on JULY 16, 2018.

BACKGROUND

In 2006, the VANS Mentorship Program was created in response to the growing requests from visual artists in Nova Scotia for additional support beyond VANS' already successful workshop series, information sessions, panel and peer discussions and other educational programs. Basing its structure on similar pioneer programs such as MAWA (Mentoring Artists for Women's Art) in Winnipeg, CARFAC Saskatchewan's Visual Arts Mentorship Program and the Writers' Federation of Nova Scotia's Mentorship Program, the VANS Mentorship Program joined the ranks of a handful of such programs Canada-wide.

PROGRAM DESCRIPTION

The VANS Mentorship Program is designed to support the individual artistic methods and professional ambitions of emerging artists in Nova Scotia by providing access to the skills and experience of selected mentors. Mentees are selected from a pool of applicants based on their demonstrated commitment to their practice, the clarity and level of ambition outlined in their goals for the program, and the ability of the applicant to utilize the program to its fullest potential.

Over the course of the program, mentors will meet with mentees one-on-one, at least once a month, and additionally four times as a group. The mentors may be asked to provide support in any one or more of the following areas: proposal development for exhibition in public galleries or artist-run centres, grant writing assistance, artist statement development, documentation of work, technical advice, skills development, critiques of work, research assistance, and thematic development of work, networking, budgeting, organizational tips, and creative brainstorming.

The VANS Mentorship program is tailored to support the needs of selected emerging artist's methods and ambitions, and is shaped by the skills of participating mentors. Its impact depends on participants' enthusiasm, openness and initiative in the program and their commitment to the development of their art work.

By investing intensely in a few individuals each year, the VANS Mentorship Program contributes on a wider scale to the overall strength, sustainability and vibrancy of the visual arts community in Nova Scotia.

ELIGIBILITY

Mentees are artists in the early stages of their career as a professional artist; of any age over 19 years; a resident of Nova Scotia for at least one year previous to the application; and a

member of Visual Arts Nova Scotia (artists may join at time of application). **Individuals enrolled in post-secondary study are ineligible to participate.**

Mentors are professional artists with at least ten years professional experience (extensive knowledge and experience with grant writing, juries, curatorial resources, and exhibitions in public, commercial, or artist-run galleries is an asset); they are recognized by their peers as a mid-career or established artist as defined by the Canada Council for the Arts; they are great communicators and demonstrate the ability to educate through an informal, one-on-one, adult-based learning experience; they are living and working in Nova Scotia; and a member of Visual Arts Nova Scotia (artists may join at time of application).

APPLICATION PROCESS

 - The program requires that mentees make a focused commitment to their visual arts practice and dedicate a significant portion of their time to their work throughout the program. Please summarize your studio activity over the last year and describe the challenges you have (had) in prioritizing your practice, strategies to overcome those challenges, as well as how you plan to achieve your goals in this program.

SELECTION PROCESS

The jury first selects mentee applicants for the program. The jury will then match each selected emerging artist with a mentor that the committee feels would benefit the emerging artist's work based on their demonstrated goals, working methods and geography. If necessary, the jury will solicit the participation of an eligible established artist who they feel would best support a selected mentee, but who may not have formally applied to act as a mentor.

The jury is comprised of professional artists and art educators, including past participants of the Mentorship Program. The selection committee will review emerging artist applications, check references and then select three mentees based on their demonstrated commitment to their practice, the clarity and level of ambition outlined in their goals for the program, and the

ability of the applicant to utilize the program to its fullest potential. Applicants may be contacted for an interview.

Acknowledging the lack of diversity in our Mentorship Program in the past, we will give special consideration to artists who identify as BIPOC (Black, Indigenous, People of Colour) as well as artists from rural areas of Nova Scotia.

NOTIFICATION OF THE RESULTS

Notification of results will take place approximately one month after the deadline. Submissions will be returned the same way they are received, provided that a SASE is included. If a SASE is not included, the application will be discarded.
